Education Sector Training Suite

Early years, Schools and Higher Education...

Action Point Training has worked in the education sector for over a decade, giving us a unique insight into the sector and its challenges. We specialise in child-minding, pre-schools, nurseries, childcare centres, schools, colleges, and universities.

First Aid

Meet Ofsted & EYFS first aid training criteria, train your team in using an AED and be competent in medical conditions.

Manual Handling

Reduce the chances of injury with our practical based training aimed at childcare and education settings.

Health & Safety

Meet your legal obligations & improve the safety culture in your setting.

Professional Focus Range

We offer a range of sector specific training such as Positive Handling, GDPR, Prevent, Handling Medicines and Safeguarding.

Food Safety

Meet food safety standards in your catering operation. We offer Level 1, 2, and 3 accredited courses to suit all job roles.

Fire Safety

Great for induction level training to becoming a qualified fire marshal.

Your Site Management Team

Our courses can help you meet your legal obligations for your team of site managers, caretakers, lunchtime supervisors and cleaners.

Action Point Training offers a full training package ideal for your site team in courses such as Manual Handling, Risk Assessment, Officer in Charge, Control of Substances Hazardous to Health (COSHH), Working at Height, Asbestos, Legionella, Working Safely and more. Speak to us about how we can save you money with a bespoke training package tailored to your team.

Pupil & Student Safety

First Aid Provision

Our broad portfolio of courses cover both paediatric and adult first aid. This enables you to offer all round first aid provision for pupils, parents and members of staff as required under Ofsted and Early Years Foundation Stage first aid training guidance.

Medical Conditions

Browse our range of courses that are designed to give knowledge, skills and confidence in understanding/responding to a wide of medical conditions. These includes awareness courses on managing Epilepsy, Diabetes, Asthma, and Anaphylaxis.

Safeguarding

Action Point Training offers a wide scope of training in courses to maintain the safety of pupils in the setting. Interactive courses range from safe handling & administration of medicines, positive handling, prevent duty, General Data Protection Regulations as well as child protection and safeguarding.
